

# May 5<sup>th</sup>, 2009

+14 Isolated showers

Today's Daily Devotion will be given by Sister Jeanine Scarfone, Chair of the Board of Directors, WRP Neighbourhood Housing.

## Today's Goals

Start on the second floor decking on some units.  
Complete sheathing on the completed roofs.

## Meet Today's Partner Family

**The Guerrero-Vega family** is a lovingly large family where Luis and Edith have one daughter and four young sons. They moved to Canada from Mexico in 1998 and instead of a smooth transition, they were met with several difficulties. From cramped living spaces, to a stolen vehicle, to unplanned rent increases - it was a challenge to stay afloat let alone get ahead. With this Habitat Home the family is looking forward to sharing a sense of ownership and pride that will come with their new house keys.

## What's in your lunchbox?

Lunch was generously provided by St. Martin de Porres R C.

Also starting this lunchbreak - **Lululemon** is on site to give those dedicated muscles a good stretch.

## Now we're Cookin'

**Montana's Cookhouse** has generously donated snappy toolbelts for volunteers, to make your load a little lighter - and stylish!

## Star Sponsor Stories

**KIA Canada** is proud to support the Habitat for Humanity Toronto Women Build Blitz, helping provide new homes for deserving Toronto families. Over the course of 9 days in May, Kia will send over 60 women from their Corporate Head Office to participate in this unique event.

**Toni Rossi** Toni has been involved with Habitat for Humanity Toronto since 2001 and appointed the Chair of the Board of Directors in June 2008. She is a generous volunteer and donor to the build initiatives. With 19 years of commercial real estate experience, she brings invaluable insight to the organization.

**The Hawkins Family** Susan Hawkins has volunteered in various capacities since 2000, and joined the board in 2004. Since 2001, the Hawkins Family has directly helped 8 families break the cycle of poverty.

**U ofT Faculty of Engineering Students** Many U ofT students are actively involved with Habitat Toronto year-round. Faculty of Engineering students will be specifically involved in a student-led fundraising campaign to sponsor a home at 1500 Weston Road. Oyeh!
