## Meet Today's Partner Family

### Roxanne Dupont

"Before Habitat for Humanity became a part of my life, I was a struggling single parent of two young children, living pay cheque to pay cheque on a very limited income. At the time, my daughters and I lived in a non-profit building for women and children who had survived abuse." Roxanne is a current Habitat Home owner since July 27<sup>th</sup>, 2001 and her life has since changed for the better.

She will be donating her time and labour today to help the amazing volunteers that offer hope to families like hers.

"It's an honour and a privilege to have been blessed with such an opportunity and to have become part of such an awesome organization and extended family" says Roxanne.

## What's in your lunchbox?

Lunch was generously donated by Scarborough Bluffs and Heron Park. Enjoy!

## Now we're Cookin'

**Montana's Cookhouse** has generously donated snappy toolbelts for volunteers, to make your load a little lighter - and stylish!

## Star Sponsor Stories

**Home Depot Canada** made the largest corporate donation in Habitat Toronto history in 2007, making them our 2008 Partner in Sustainability on all three Habitat build sites this year. The Home Depot and its associates have volunteered hundreds of volunteer hours and continue to lead the way in corporate social responsibility – putting their hammers where their heart is.

**TPS** The Women of the Toronto Police Services just raised over \$200,000 adding another home sponsorship to their original goal of raising \$100,000 for a home on the Women Build site. This group of extraordinary women have truly showcased that their work does not end by just keeping the city of Toronto's streets safe.

**UPS** Through its Women's Leadership Development program, 50 female UPS employees will be lending their support to the Women's Build to continue their tradition of volunteerism and community support.
